Project Overview

Future Sportsfield Complex: Annandale Ball Diamonds and Mall Road Sites

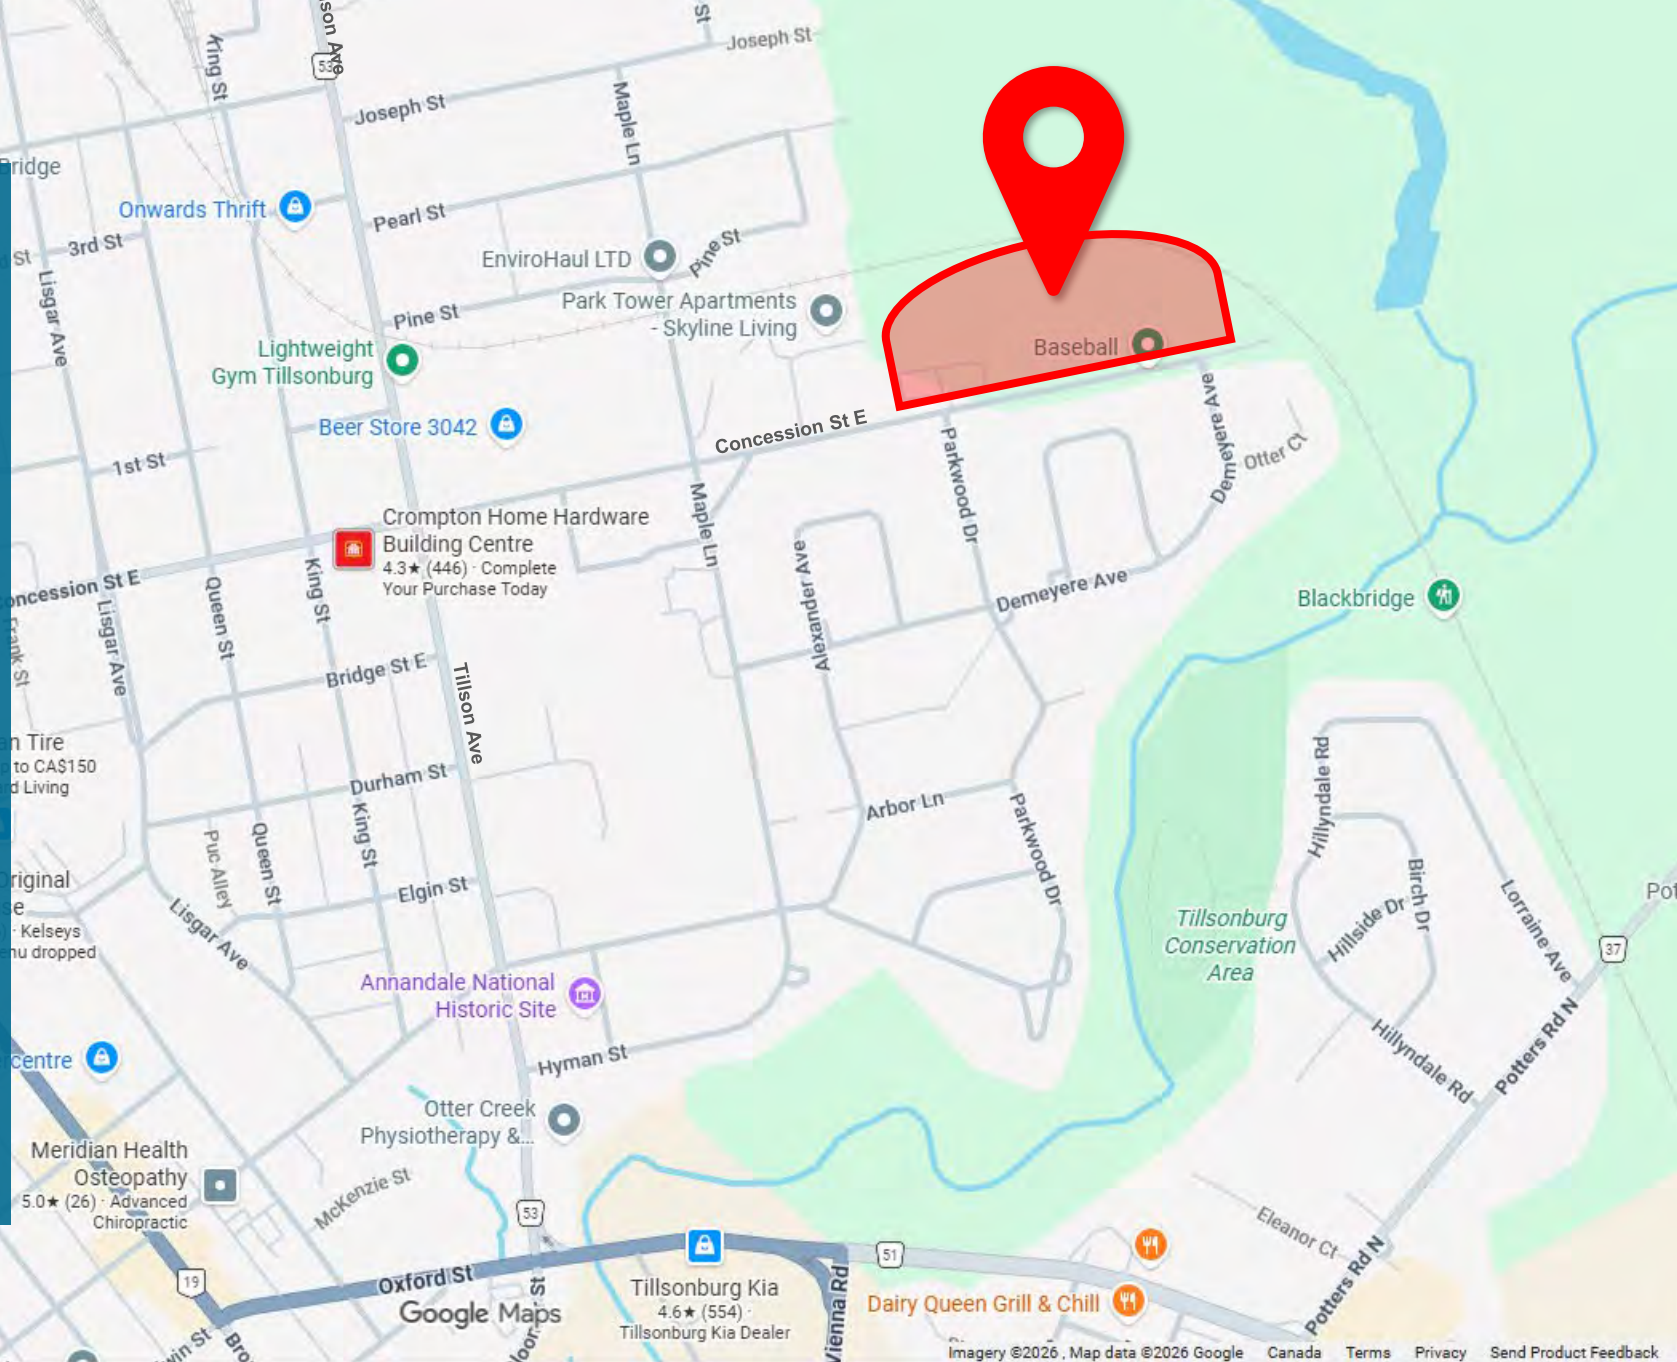

Planning for recreation, housing, cemetery expansion, parks, and community spaces

- Long-term vision for two Town-owned properties
- Guided by community input
- Exploring future opportunities – no final decisions have been made

Mall Road Site

160 Concession St E (Annandale Ball Diamonds)

Why Are We Looking at These Sites?

Planning for Tomorrow

- Growing demand for recreation
- Existing ball diamonds have limited room to expand
- Opportunity to plan municipal lands together
- Support long-term community needs
- Based on the Town's Parks & Recreation Master Plan and Community Strategic Plan

Mall Road Sportsfield Complex Conceptual Plan

Phased development featuring ball diamonds, expanded parking, amenities, and future expansion of cemetery and sports field areas

Note: This image is for illustrative purposes only. Future sports fields shown as soccer fields are speculative and subject to change. The final design and specific elements may be revised during future detailed design phases.

Conceptual Master Plan

The Conceptual Master Plan for 160 Concession St E was developed in accordance with the following principals:

- A reasonable mix of apartment and townhouse type units with a target of an overall medium density development
- An attractive streetscape with buildings fronting on Concession St E and parking oriented towards the rear of the property
- A suitable setback from the rail line

Conceptual Master Plan

- Maintain and enhance as much greenspace as possible throughout the development, including greenspace at both the east and west ends to soften impacts on adjacent areas and provide a buffer between them
- An efficient use of land, i.e. a design that utilizes shared access driveways
- Interconnectedness with shared greenspace and a connecting trail around the boundary of the property

Conceptual redevelopment designed for residential living with interconnected greenspaces and park amenities

- Overall Conceptual Plan

Your Feedback Matters

Help Shape the Future

Community feedback will help inform:

- Recreation priorities
- Land use opportunities
- Parks and greenspace
- Future planning decisions

Your Feedback Matters

Participate by:

- Attending a Public Information Centre
- Reviewing the conceptual plans
- Completing the online survey

Thank you
for your input!
